

Leadership Behaviours is one day of our 4 day leadership essentials program It covers leadership foundations, leadership styles, leadership attributes and actions, leadership influence and developing other leaders

- This workshop is designed for middle and senior managers who desire to develop their leadership skills
- Includes supply of leadership templates and assessments. The implications of the assessments will be discussed as a part of the workshop
- This workshop is highly interactive, has role playing, discussion, video, assessments, templates with high take home value
- Each participant receives a comprehensive manual of our normal highest quality material

Each participant will receive a “leadership style assessment” to fill out before the workshop. You will also receive a feedback version of the same assessment so you can invite your team to also assess your style. The results of these assessments will be discussed in this first workshop
